Orterio Villa, Director
Annapolis Field Office (3SA20)

Just a note to say thank you for the excellent response in obtaining super prompt results on chloroform on the Artesian Water Co. water samples (Llangollen) in Delaware on Friday May 13th.

As you know, the University records showed high levels of chloroform in their recent report, so we had to be quick in getting additional results. Luckily the samples proved to be safe. Again many thanks.
